

An Abstract is required for all projects and must be completed following experimentation and submitted by email or entered in the abstract field during online registration.

NOTE: Abstracts must be emailed to prsef@carnegiesciencecenter.org if not submitted online during student registration. Copy the abstract into the body of the email. Do NOT attach the abstract to the email and do NOT email this Abstract Form. Please include Student's Name, Teacher's Name and School in the email.

Project Title: _____

Category: _____

Grade: _____

ABSTRACT: (maximum of 100 words)

Instructions for submitting an abstract:

After finishing your research and experimentation, you are required to write a 100 word (maximum), one page abstract. The completed abstract form **MUST** be submitted by email or online during the student registration process.

PRSEF special award judges have requested student abstracts for review prior to the competition day.

The abstract should include:

- a) purpose of the experiment
- b) procedures used
- c) data
- d) conclusions

It may also include any possible research applications.

An abstract should NOT include:

- a) acknowledgements
- b) work or procedures done by the mentor.
